

## ROADSIDE RED

LODI  
2013

Ask any resident of Victor, CA (pop. 290) why the rooster crossed the road—their answer may surprise you. You see, there's an old story about a rooster who preferred wine over water, known to cross Hwy 12 during harvest to try the best of each vintage. So, if you happen to travel down our highway and spot a rooster on a mission, give him some space and track his path; he may just lead you to our latest vintage of Roadside Red.
